JUSTIFICATION FOR ACTION REQUESTED

The purpose of the department and campus-wide curriculum committees is to scrutinize program/degree change applications to make sure that the quality of UAF education is not lowered as a result of the proposed change. Please address this in your response. This section needs to be self-explanatory. If you drop a course, is it because it is not needed in our curriculum? Use as much space as needed to fully justify the proposed change and explain why it has not been determined that the quality of the program is not compromised as a result.

To provide students with an additional course option to complete the secondary curriculum. Additionally, this course provides students with an alternative to the traditional face-to-face delivery.
