MOTION proposed Capstone Requirement Effective Fall 2016

============

The Curricular Affairs Committee moves that the Faculty Senate make the following changes to the UAF baccalaureate requirements:

Each student must complete capston experience in the student's major or program, as described below. will be the responsibility of each Department, Program, and (or) College/School to create, deliver, evaluate, and assess their capstone experience Dean's office will have a copy of the capstone requirements for all programs in the school/college on file.

Rationale: This change is proposed in support of satisfying UAF's Learning outcoment detailed and apply learning, including synthesis and advanced accomplishment across general detailed predictions, adapting them to new settings, questions, and responsibilities, and forming a foundation for lifelong learning. Preparation will be demonstrated through production of a creative or scholarly project that requires broad knowledge, detailed proficiency, information collection, synthesis, interpretation, presentation, and reflection

Many UAF Departments and Programs currently have baccalaureate capstone experience requirements
