

Staff Council President's Report

May 18, 2010

Issues to Highlight

Healthcare

The Joint Health Care Committee (JHCC) consists of both Union and management representatives. One of the management representatives is a member of staff alliance. The committee is tasked with looking at the University's health care plan and making recommendations to administration.

New (higher) health care rates are published as we are now the open enrollment period.

Union Organization Effort

On May 11th Beth Behner, Chief Human Resources Officer sent a letter to UA Employees on the status of the union organizing effort. Since then there have been several letters between UA, ASEA and ALRA. Copies of these letters can be found at the Statewide Office of Labor and Employee Relations website.

Executive Leadership Workshop April 30

A follow up budget meeting to the Executive Leadership Workshop was held April 30th. I attended that meeting. The meeting consisted of a presentation regarding anticipated shortfalls in upcoming budgets, a brainstorming session on approaches and then a ranking of those approaches. General consensus seemed to be reached on the following.

The best approach for handling FY11 Shortfalls was thought to be a differential across the board pull back. Mandatory furloughs, LWOP and hiring freezes were generally rejected as non productive.

For FY12 & 13 a more targeted approach is required looking specifically at programs as

Evaluation Committee

This committee has not met since my last report. Topics on the table for the next meeting : Scoring and whether or not there should be an overall numerical score to an evaluation.
