1. Welcome and introductions

The meeting was called to order at 9:00 a.m.

2. MPC Officers

The committee agreed to postpone the election of the vice chair and secretary until the next meeting.

3. Placement of ATCO Unit

Martin Klein presented a proposal to move an ATCO unit at the Alaska Center for Energy and Power (ACEP) test modules off Tanana Loop to an adjacent clearing in order to allow the creation of twelve parking spots with head bolt heater

The motion passed 11-0. Discussion about meter designations will continue at the September 12 meeting.

5. Facilities Services Updates—Martin Klein

- a. MBS bike shelter: The bike shelter project is moving forward. Residence Life is also planning to install cameras and lighting at the new location across the street by the bus stop.
- b. Taku stairs: This project is going out to bid and will begin in spring 2014, with an expected completion date of August 2014.
- c. Alumni Drive stairs: The Alumni Drive stairs will re-open on September 14, 2013, and will be diverted three-quarters of the way up the hill to terminate by the Cooperative Extension Service building.
- d. Butrovich parking lot: The parking lot is open but work is still being done on the southern retaining wall.
- e. Wood Center addition: This project is on schedule and the main entrance will open shortly after the start of classes.
- f. Engineering building: This project is on schedule.
- g. South Bunnell parking lot stairs: Both sets of stairs will be rebuilt this fall using metal grating. The set closest to the Bunnell building will be done first, followed by the set in the middle of the lot.
- h. North Campus road: The road is open and there are plans to install speed limit signs (20 mph). The road will be plowed for winter but there are no other major upgrades planned.
- i. Yankovich/Miller Hill bike path: A plan will be forthcoming to UAF from the Department of Transportation.
- j. Sewer repair: The road by the fine arts complex will be opened by September 2.
